This is a brilliant poster allowing visited destinations to be scratched off, revealing the beautifully styled up-to-date world map underneath. It's the perfect map or gift for the travel enthusiast allowing complete personalization of the map to display a unique travel story. Simply grab a coin and start scratching off all the destinations you have been lucky enough to visit creating your own personalized continually changing world map. Not only are countries featured on the map, there are also cities shown on the top layer and the world map underneath, allowing for more detailed scratching. Scratch the World poster is printed onto high quality silk art paper with a gloss coating for luxury and works exactly like a scratch card, once the gold scratch is removed, it reveals the mapping underneath.

### A brilliant and unique gift for the traveller!!

## ZOFFOLI: BAR GLOBES

### A beautiful piece of craftsmanship

The structure (the legs) of the Zoffoli globes are made entirely of wood by artisans who pass on the art from generation to generation. A lot of precision, craftsmanship and manual work is involved. The globe is made of cellulose, polymer and the shelves are from hand-painted MDF.

## **SHORT MANUAL ORDER WEBSITE [WWW.CRAENEN.COM](http://WWW.CRAENEN.COM)**

### **1. Login with e-mail address and password**

No login yet? Please request one via mail: [sales@craenen.be](mailto:sales@craenen.be)

### **2. How do I order?**

#### **a. CHOOSE PRODUCTS AND PLACE THEM IN YOUR SHOPPING BASKET**

##### **i. Search Products**

Fill in one or more fields. The pricelist (in the 'download content' menu) contains the ISBN numbers as well as the Craenen codes.

In the field Craenen code you can also fill in a part of the Craenen code, to get a list of results.

You can enter more codes (ISBN or Craenen codes) separated by a comma (no spaces).

You can also search by filling (a part of) the title, or by location (irrelevant for the non-book products).

Click on 'Search!' and you'll get a list with the details of your searched products (including an image).

Now you can enter the quantities you would like to order and click on 'Add to Basket'.

##### **ii. Browse Catalogue / Non-Book Catalogue**

Browse the catalogue or non-book catalogue and fill in the quantities you'd like to order and click on 'Add to Basket'.

##### **iii. Favourites**

In number **i** and **ii** above you can mark your favourites by clicking on the star. You can use your favourites for your next order.

You can always add or remove products from your favourites.

##### **iv. Upload Order**

Do you have an excel or csv file with your order?

Then you can upload this in the correct format:

- one column with the ISBN or the Craenen code (can be mixed in the column) and
- one column with the ordered quantities).

Click on 'Add to Basket'.

#### **b. CONFIRM YOUR ORDER; ORDER THE PRODUCTS FROM YOUR SHOPPING BASKET**

Go to your 'Shopping Basket' and click on '[Order](#)' to confirm your order.

### **!!! IMPORTANT !!!**

The products from your shopping basket will only be added to your order after clicking on '[Order](#)'.

If you close the Craenen website before clicking on '[Order](#)', your shopping basket will be emptied, and you'll have to start all over again. You can always save your shopping basket to Excel, this way you have a backup and you can use the excel file as well for your orders in the future (see number **iv** above).

Your order will be processed and send out by the Craenen Team.

As long as you see your order in 'Web Orders' you can still add products (by selecting extra products and clicking on '[Order](#)'). If your order is no longer visible and you want to add items to it, you can inform us by mail ([sales@craenen.be](mailto:sales@craenen.be)) or phone (+32 16 23 90 90) as soon as possible and the new products can be included in your current order.
